WHEREAS, The classification and pay staff of the Governor's Office has conducted comprehensive studies of prevailing pay scales in private industry and other public jurisdictions; and

WHEREAS, The findings of these studies reveal that the pay ranges of most classes in the Commonwealth's Compensation Plan not covered by labor agreements need to be adjusted in order that the Commonwealth may approach a more competitive position in the labor market; and

WHEREAS, A small number of classes not covered by labor agreements should not have pay range adjustments because the present pay ranges are competitive and further adjustments would disturb pay relationships with other classes; and

WHEREAS, Serious pay relationship problems have developed between employes covered by labor agreements, who have received a general pay increase, and employes not covered by labor agreements, who have not received a general pay increase; and

WHEREAS, The Governor in recognition of these circumstances has authorized a general pay increase of approximately five percent for Commonwealth employes not covered by labor agreements; and

WHEREAS, A general pay increase that is within the Federal Pay Board guidelines may be granted; therefore, be it

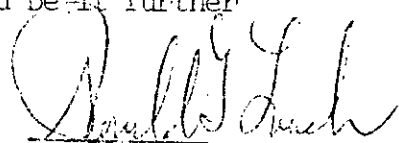

RESOLVED, That in accordance with Section 709(a) of the Administrative Code of April 9, 1929, as amended, the action of this Board taken July 13, 1958, approving the Compensation Plan for the Commonwealth effective August 1, 1956, be amended to provide for the pay range adjustments, shown on Amendment No. 287, and the revised pay schedules attached hereto and made part of this resolution; and be it further

RESOLVED, That a general pay increase of one pay step, approximately 5%, is hereby authorized for all employes under the Governor's jurisdiction who are not covered by labor agreements and who were in an active payroll status on December 1, 1972, except as provided below, effective December 1, 1972, without a change in their anniversary dates; and be it further

RESOLVED, That the general pay increase shall not be granted to those employes who received the Federal Pay Board approved general pay increase as a result of a labor agreement; and be it further

RESOLVED, That no employe in the Department of Education will receive a pay increase that will result in a pay level above \$29,992 annually, and no employe in any other agency will receive a pay increase that will result in a pay level above \$24,984 annually, except Physicians and Attorneys as stipulated by Executive Board Resolution dated September 8, 1970; the class Deputy Secretary and Commissioner of Higher Education as stipulated by Executive Board Resolution dated September 28, 1972; and the classes Executive Director, Civil Service Commission and Medical Research Scientist III as stipulated in State Civil Service Commission orders dated May 18, 1972, and August 25, 1972, respectively; and be it further
