

February 15, 1972

WHEREAS, The classification and pay staff of the Governor's Office has conducted comprehensive studies of prevailing pay scales in private industry and other public jurisdictions; and

WHEREAS, The findings of these studies reveal that the pay ranges of most classes in the Compensation Plan need to be adjusted in order that the Commonwealth may approach a more competitive position in the labor market; and

WHEREAS, The cost of living has increased by more than 10 percent since the general pay increase of August 1, 1969, and six other large industrial states, Illinois, Maryland, Michigan, New Jersey, New York, and Ohio and the Federal government have increased the salaries of their employes by 5 to 14 percent since that time; and

WHEREAS, The pay ranges of most classes in the Compensation Plan were adjusted, and a 5 percent general salary increase for most Commonwealth employes was granted effective November 14, 1971 as an initial measure to approach a more competitive position in the labor market and offset the sharp rise in the cost of living since August 1, 1969; and

WHEREAS, The Commonwealth continues to rank far below these comparable public jurisdictions in the average salaries of its employes; and

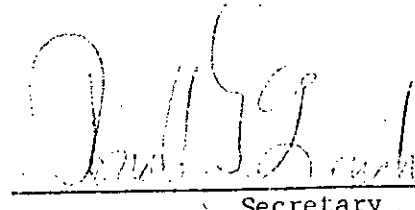

WHEREAS, The pay ranges of most classes in the Compensation Plan are still not competitive with comparable classes in the labor market; and

WHEREAS, The Governor, in recognition of these circumstances, has authorized further adjustments to the pay ranges of most classes in the Compensation Plan and a general salary increase of approximately 5 percent to most Commonwealth employes; therefore, be it

RESOLVED, That in accordance with Section 709(a) of The Administrative Code of April 9, 1929, as amended, the action of this Board taken July 13, 1956, approving the Compensation Plan for the Commonwealth effective August 1, 1956, be amended to provide for the following pay range adjustments shown on Amendment No. 272, which is attached hereto and made part of this resolution; and be it further

RESOLVED, That the maximum step for the classes Instructor, Assistant Professor, Associate Professor, and Professor will be one pay step, or approximately 5 percent greater than the Schedule maximum, step F; and be it further
